

Children's Online Protection Disclosure and Consent Form

Utilities Employees Credit Union (UECU) protects the safety of children using our website and mobile and online banking services. UECU complies with applicable laws and regulations, including the Children's Online Privacy Protection Act (COPPA), which governs information gathering online from or about children under the age of 13. Verifiable consent from a child's parent or guardian is required before collecting, using, or disclosing personal information from a child under the age of 13.

UECU's website and mobile and online banking services are not designed for or directed specifically toward children. We do not knowingly solicit or collect data from children in this age group and we do not knowingly market to children under age 13 online. We do however offer savings accounts to minors under age 13 jointly with an adult which allows any account owner to register for mobile and online banking. UECU collects and stores personal information for any account owner who registers for mobile and online banking. This information may be shared with third parties who assist UECU in delivering mobile and online banking services. Consistent with the requirements of COPPA, in any instance where a child under the age of 13 attempts to register for mobile and online banking, an adult account owner must provide verifiable consent prior to any approval of such request.

We have determined that an owner on this UECU account is currently under age 13. As a result, UECU will require consent of an adult account owner on behalf of the child before this account can be accessed via mobile and online banking. Please review the consent information below and sign this form if you wish to access this account via mobile and online banking. Please sign and date your consent and mail it to: UECU, PO Box 14864, Reading, PA 19612-4864. Thank you for your cooperation in this matter.
